NEW GOODS! NEW GOODS!!

AT

Creech's.

I MAKE MY BOW AGAIN TO MY NUMEROUS friends and patrons, with a house full of goods all I sell CHEAP.

When just look, the stores filled with days all loaded with new Good's

FOR CREECH'S.

Just received, 51 CASES OF DRY GOODS, containing a large and varied assortment; and when you talk about Dress Goods, and when you think of new styles and speak of goods at the right prices, why, bear in mind that they are here and bought of Creech's. COME AND LOOK AT THEM.

CALICOES, CALICOES.

I will sell you Calicoes at 8 cts a per yard; want you look at them at 10 cents? and can't you afford to buy them at 12½c.

Goods for Men's and Boy's Wear.

Don't you know that I keep the best assortment in the City? You that do not know it, come and look at them and to you that do know, come right along and buy what you want. I have got some for the boy's, plenty for the youths. A fine supply for the young men and enough to keep the old gentlemen warm, so why not spend a few moments at Creech's and satisfy yourselves.

Here the ripples Bermudas ride
In the Ocean's bosom unespied;
From a small boat that rowed along
The listening winds received the song.

COME TO CREECH'S.

Cloaks and Shawls, Cloaks and Shawls.

Did I say Cloaks and Shawls? That is just what I mean. Why I will sell them to you for $2.00! Do you want them cheaper? same quality. Cant find them! Do you want them finer? I am just the man that has them, 5, 7, 9, 10, 12, 15, 20, 25 and 30 dollars; do you want them finer still? Just pay so, and I am the man to order them.

Boots and Shoes, Boots and Shoes.

Just received 100 Cases for Ladies, Misses Boys, and Children; so just put that naked foot into a boot or shoe, for it will soon be cold weather, and my friend, I see your boots are wearing out, and your shoes have a hole in them, so you had just as well come to Creech's and buy a new pair. They look better and fit better, any way; they keep your feet dry and preserve your health.

Hats, Hats, Hats.

All right; Friend right; Styles right; and did you ever find Creech's in the place to buy hats right? Come and look.

Ladies' and Misses' trimmed and untrimmed Bonnets: Would you not do well to spare a few moments and come and look at them?

I beg leave to return my sincere thanks for the patronage I have received for the last 20 years at your hands, and hope, by strict attention to business, a desire to please in the goods as they are and in every instance giving you the worth of your money, to continue to share a liberal portion of your patronage.

WM. EATON,
October 24, 1870. President.

IMMIGRATION.

The *Sentinel* has been uniformly an advocate of the immigration of skilled laborers of all kinds and from any quarter to this State, to cultivate our cheap lands and to engage in all our industrial enterprises. We have suggested, as a prudential policy, that we were not in a condition to urge the immigration of simply manual laborers. We want men of sufficient means to purchase at least, small farms and to set in motion mechanical and manufacturing enterprises. We are not favorable to the introduction of Chinese or foreign day laborers, for two substantial reasons.—We have already sufficient native laborers for present purposes—the best in the world, if properly trained and disciplined. We need men of skill and intelligence to control and direct this labor. In the second place, we have not sufficient capital in the State to give profitable employment to any large number of newly imported laborers, and it would be unjust to the laborers now among us.

As proof of our readiness to promote the proper kind of immigration among us, we have encouraged to the extent of our ability every effort of the N. C. Land Company and other agencies to encourage the introduction of settlers among us, who come to seek their fortunes in the pursuit of legitimate business.

Our carpet bag friends are unwilling to be convinced that the Democratic Conservative party is friendly to any kind of immigration, and continue falsely to assert that we apply the epithets and declarations used in reference to carpet baggers alone, to all classes of Northern emigrants. Every reader of the Democratic papers of this State, knows that such a construction of the language used by our people is libellous and unfounded. We have never applied the term to any immigrant to this State, who has come among us from any quarter to pursue a legitimate business: farming, merchandise, mechanics, manufacturing, mining, or any other. But it has been applied solely to that class of Northern men who are simply adventurers and who came for the purpose of manipulating our politics to secure office or to make money out of politics as a trade. Our people have properly felt, that such people were intruders and interlopers who were assuming too much and were presuming upon our ignorance and want of ability to manage our own affairs. Such emigrants have never been acceptable and never will be.

The impression prevails with some intelligent men that the press of this State is subsidized by the railroads. Can this be? —*Carolina Christian.*

The above charge against the press of the State, is new to us, and will be equally so, we judge, to our contemporaries. What intelligent men have this impression, is not stated, nor are the grounds for such an impression given. This is too indefinite a fling at the press of the State. So far as we have been able to judge, the Railroad Companies of the State, have very little influence over the press of the State. The press ought to be interested in their prosperity and we judge it is, but we think the press is outspoken in condemnation of anything done or proposed to be done, by them, which militates against the well being of the people. That the Railroads are blind to their own interests and to the well being of the people, in keeping up high rates of fare and of freight, and that they are not managed with the view of promoting local travel and local freight as they should be, is what we have repeatedly charged and advised them to do. To what specifically the *Carolinian* refers we are not advised.

A force of about 2,000 United States troops, consisting of artillery, infantry and marines, invaded what is known as the "still" district of Brooklyn, to assist the Revenue Supervisor to destroy the illicit distillery business. The raid passed quietly, the troops being greeted with a few showers of stones and some choice epithets. A number of mash tubs were destroyed, but only four stills could be found.

The *World* says that another batch of infamous characters were sworn in on Wednesday, to act as United States Deputy Marshals during the election in the City of New York.

STATE MEDICAL SOCIETY.

We have had on our table for several days, a very neat pamphlet, from the press of Messrs. Engelhard and Price of Wilmington, entitled "Transactions of the Seventeenth annual meeting of the Medical Society of the State of North Carolina."—The last annual meeting was held in Wilmington, a notice of which we published at the time. The pamphlet contains the regular official proceedings of the Society, which are of very general interest to the profession, with the annual address of Dr. C. T. Murphy, of Sampson, the address of the President, Dr. O'Hagan of Pitt, on retiring from the Chair, a very elaborate and exhaustive essay by Dr. Satchwell, on the topography, and prevailing diseases of New Hanover county and their treatment, a valuable essay by Dr. W. G. Thomas of Wilmington on diarrhœa of children and treatment, a report by Dr. E. Burke Haywood of this city, of a successful surgical operation performed by him at the United States Hospital in this city, of *"ligation of right external iliac artery for traumatic aneurism of femoral artery,"* the first known in North Carolina, and a report on Medical experts by Dr. Anderson.

The publication of such essays, on the treatment of diseases and surgical operations, are of great value to the profession and indirectly to the community. We hope they will not only be followed up, but largely increased. They give substantial proof of the learning and devotion to the duties of the profession by our own medical men, and serve to increase the public confidence in their efficiency.

The North Carolina Medical Society is engaged in a good work, and we trust the General Assembly will exhibit towards the Society an enlightened judgment in promoting its worthy objects. Empiricism and quackery should not receive the endorsement of enlightened legislators. The learned professions should be fostered and guarded by the law of the land, and in nothing is this so requisite, as in the protection of human life and health, against the tamperings of ignorance, quackery and duplicity.

THE PRESENT TARIFF.

The tariff has entered very largely into the discussions in the canvass of this fall in the Northwest. The people of that section are waking up to the onerous burdens imposed upon them by the tariff of the Radical Congress, and it is hoped that it will tell powerfully on the elections which come off this week. It would surprise us to see what little interest has been manifested in the South on this subject, were it not that our own home affairs and interests have been so absorbing, as to leave out of view almost entirely all concern in National politics.

The following facts connected with the operation of the tariff drawn out by Hon. S. S. Marshall, of Illinois, in his late speech in Congress, will give a practical view of its great burdens upon our people, to some extent:

The farmer starting to his work has a shoe put on his horse with nails taxed 87 per cent.; driven by a hammer taxed 54 per cent.; cuts a stick with a knife taxed 50 per cent.; hitches his horse to a plow taxed 50 per cent, with chains taxed 67 per cent. He returns to his home at night and lays his wearied limbs on a sheet taxed 58 per cent., and covers himself with a blanket that he paid 250 per cent. He rises in the morning, puts on his humble flannel shirt taxed 80 per cent., his coat taxed 50 per cent., shoes taxed 35 per cent., and hat taxed 70 per cent.; opens family worship by a chapter from his Bible taxed 25 per cent.; and kneels to his God on an humble carpet taxed 150 per cent. He sits down to his humble meal from a plate taxed 40 per cent., with a knife and fork 35 per cent., drinks his cup of coffee taxed 47 per cent., or tea 78 per cent., with sugar 70 per cent; seasons his food with salt taxed 100 per cent., pepper 297 per cent., or spice 379 per cent. He looks around upon his wife and children all taxed in the same way; takes a chew of tobacco taxed 100 per cent., or lights a cigar taxed 120 per cent., and thanks his stars that he lives in the freest and best Government under heaven. If on the Fourth of July he wants to have a star-spangled banner on real bunting he must pay the American Bunting Company of Massachusetts 100 per cent., for this glorious privilege. No wonder, sir, that the Western farmer is struggling with poverty, and conscious of a wrong somewhere, although he knows not whence the blow comes, that is chaining him to a life of endless toil and reducing his wife and children to beggary.

WESTERN DIVISION R. R.—The Stockholders of the Western Division of the Western N. C. Railroad, met in Asheville on the 1st inst. The private Stockholders elected T. L. Clingman, J. H. Rumbough, J. H. Keener and A. T. Davidson, Directors. These Directors, with the State Directors, elected W. W. Rollins President, and G. M. Roberts, Secretary and Treasurer. What is there left to the Board of Directors of this Road to manage and for a paid President and Treasurer to do? Is there any Road built to superintend or any money to build with? We learn that good lawyers think that the Western Division has a proper claim to about $3,000,000 of bonds, &c., of the Florida Railroad which was purchased by Littlefield with the bonds issued for the Western Division of the Western N. C. Road. If something cannot be gotten from this source, it is little worth while to be chasing Littlefield to Europe or paying salaries to officers. We feel deeply anxious for the completion of that Road. It might have been nearly completed by this time, if it had not fallen into such hands as have controlled its management for the past two years.

The nomination of H. G. for Congress in New York does not seem to be hailed by the Republican papers with much exhibition of favor. The *Commercial Advertiser* and *Evening Post* make the subject of Mr. Greeley's nomination a subject of ridicule, and hold out to him no hope of success, nor even of securing the support of his party.

It seems from present indications that troops are to be used in the election in Baltimore as well as New York. "Our beloved" President seems bent on making bayonets trumps.

CONGRESSIONAL CANVASS.

The Radicals of this Congressional District, have begun early to arrange the canvass. Their Convention will not nominate a candidate until the 10th inst. From what we learn, the selection of the candidate will not be so easy. "My son Joe" has stolen the march on other aspirants, has announced himself in advance, and we presume has fixed the time for the speaking in the District to suit his own arrangements. We observe that the Radical District Committee have announced in the *Standard* that Radical speakers will address the people as follows:

At Louisburg on Monday the 11th inst., at Warrenton on Saturday the 12th, at Henderson on Monday the 14th, at Oxford, Tuesday the 15th, at Hillsboro, Thursday the 17th, at Chapel Hill, Friday the 18th, at Pittsboro, Saturday the 19th, at Smithfield on Monday the 21st, and at Nashville, Wednesday the 23rd.

As the Conservative candidate or his friends have not been consulted in this arrangement, he will not, (whoever he may be) of course be under any obligations to meet the Radical speakers at these appointments, but may make such as he may deem most appropriate. In the meantime we call upon our Democratic Conservative speakers, throughout the district, to be on hand at all these appointments to reply to the Radical speakers. Let some plan be arranged at once to address the people in every county.

THE ARMISTICE.

Our readers are aware that the telegram announces that on the 1st inst., through the efforts of M. Thiers and other influences, an armistice for twenty-five days was concluded between France and Prussia, with the understanding that the military must remain in *statu quo*. We are inclined to hope, though it is somewhat dubious, that this cessation of hostilities will result in the peace of Europe. If it should fail to bring peace, the armistice must work to the injury of France, in hastening the downfall of Paris. The slight effect that the armistice has had on the price of cotton, shows that confidence is not strong in the certainty of peace. Should this confidence increase, we incline to the opinion that the price of cotton will clearly indicate it.

For the sake of the general welfare and for the future peace of Europe, we can but hope that the disastrous war now pending, will soon terminate. We can see no substantial benefit to result to France or to the world, by the further prosecution of the war.

STOVE PREMIUM.—We have been handed a note from Mr. E. H. Pogue, one of the committee on stoves at the late Fair, to Mr. Briggs of this city, in regard to the award made by the committee in their department, with a note appended by Mr. Litchford, with a request for publication, and which we give below:

"SIR:—My understanding was that a premium was awarded to the exhibitor of one of the Richmond stoves. Mr. Lumsden had the stoves in charge. I do not remember the name of the stove, but only know that it was a stove manufactured in Richmond. E. H. POGUE."

To the above Mr. Litchford, Sec. of the State Ag. Society, adds this note:

"I find, on reference to the committee's report, that the "Southern Home" cooking stove, exhibited by T. H. Briggs, was awarded a diploma, as the best stove.

J. J. LITCHFORD, Cor. Sec."

HARD ON EDITORS.—Soon after Chief Justice Chase assumed the gubernational chair in Ohio, he issued his proclamation appointing a Thanksgiving Day. To make sure of being orthodox, the Governor composed his proclamation almost entirely of passages from the Bible, which he did not designate as quotations, presuming that every one would recognize them, and admire the fitness of the words as well as his taste in their selection. The proclamation, meeting the eye of a Democratic editor, he pounced at once upon it, and declared that he had read it before—couldn't exactly say where—but he would take his oath that it was a downright plagiarism from beginning to end. That would have been a pretty fair joke; but the next day the Republican editor came out valiantly in defense of the Governor, pronounced the charge libellous, and challenged any man living to produce one single line of the proclamation that had ever appeared in print before.

Among the many grotesque means of saving the country now resorted to or proposed in France, the formation of a certain new corps of defense in the department of Gers is one of the most remarkable. Its members are all dressed in black, and are all under the vow of strictest silence. All commands are given by signs. At present the corps consists of 50 men, all picked shots, armed with the Minnie rifle. Their banner is a skull. No one knows the name of their leader, who has paid all the expenses of their equipment.

Prince Amandeus Ferdinand Marie, Duke de Aosta, of the House of Savoy, who has accepted the long vacant throne of Spain is the third child and second son of his Majesty King Victor Emanuel, of Italy. The Duke was born on the 30th of May, in the year 1845, and is twenty five years of age. His Royal Highness holds the commission of Lieutenant General in the Italian army, and chief of a brigade of cavalry. He was married on the 30th of May, in the year 1867, to the Princess Marie Victoire Charlotte Henrietta Jean, daughter of Prince Charles Emanuel Cisterna and Louisa Caroline Ghislaine, Countess de Merode.

Vincent Vaughan, appointed Governor of Utah in the place of Governor Shaffer, deceased, was an officer in the Confederate service until the close of the war. He was then selected to fill one of the minor professorships at the University of Alabama which he held until last spring. In consequence of a political difficulty Mr. Vaughan was compelled to leave his home. His disabilities were removed by Congress at its last session, to enable him to accept the appointment of Secretary of the Territory of Utah, to which he had been nominated by the President and confirmed by the Senate.

The Weldon *News* says: Henry Hasmon, a colored citizen of Halifax, has recently had patented a cotton plow and planter that exhibits an amount of genius that does much credit to Uncle Henry. We have examined it, and cannot see why it will not prove of much practical benefit to the farming public. The furrow is thrown up, opened, the seed dropped and covered at the same time, thus greatly condensing labor. It will be on exhibition at our fair next week.

The following correspondence shows the advantages of attending a good writing school in early youth;

[From H. Greeley to M. B. Castle.]

Dear Sir:—I am overworked and grow fast old. I shall be 60 next Feb. 3. On the whole, it seems I must decline to lecture henceforth, except in this immediate vicinity, if I do at all. I cannot promise to visit Illinois on that errand—certainly not now.

Yours, HORACE GREELEY.

M. B. Castle, Sandwich, Ill.

[From M. B. Castle to H. Greeley.]

SANDWICH, Ill., May 12th.—Horace Greeley, New York *Tribune*:—Dear Sir, Your acceptance to lecture before our Association next winter came to hand this morning. Your penmanship not being the plainest, it took some time to translate it, but we succeeded, and would say your time—"24 of Feb."—and terms—"$60"—are entirely satisfactory. As you suggest, we may be able to get you other engagements in this immediate vicinity, if so, we will advise you.

Yours, respectfully, M. B. CASTLE.

THE NORTH AMERICAN LAKES.—The following figures are given as the latest measurements of the great lakes—Superior, Michigan Huron, Erie and Ontario. The greatest length of Lake Superior is 355 miles; greatest breadth, 160 miles; mean depth, 688 feet; elevation above the level of the sea, 627 feet; area, 32,000 square miles. The greatest length of Lake Michigan is 390 miles; greatest breadth, 108 miles; mean depth, 900 feet; elevation, 506 feet; area, 22,000 square miles. The greatest length of Lake Huron is 200 miles; greatest breadth, 160 miles; mean depth, 600 feet; elevation, 270 feet; area, 20,000 square miles. The greatest length of Lake Erie is 250 miles; greatest breadth, 8 miles; mean depth, 84 feet; elevation, 555 feet; area, 6,000 square miles. The greatest length of Lake Ontario is 180 miles; greatest breadth, 65 miles; mean depth, 500 feet; elevation, 260 feet; area, 600 square miles. The length of all the five lakes is 1,584 miles, and they cover an area of upwards of 130,000 square miles.

A venomous attempt is making to excite animosity against the South by a current statement that the United States flag was hauled down at the Georgia State Fair. The facts are that in place of being put at the head of the flags of all nations, as intended, the United States flag was hoisted by mistake on the staff appropriated at each fair for twenty years past to the banner of the Fair Association, and was only lowered in order to be placed at the head of the national ensigns, while the society's flag was raised to its usual position.—*N. DEATHS AND MARRIAGES

We will insert notices of deaths and marriages, when accompanied by a responsible name, without charge; but for the future we shall charge for all beyond a simple announcement of a death or marriage, our usual advertising rates, namely one dollar for every ten lines. Eight words is about the average of a printed line, hence by counting the words in the manuscript, you can readily come at the necessary amount to be forwarded—one dollar for every eighty words.

MAYOR'S COURT.—For the last two days His Honor has had no cases to deal with. This speaks well for the morality of our city.

The Virginia Medical Association organized in Richmond on Wednesday last. Dr. R. S. Payne, of Lynchburg, was elected President.

THE DAVENPORTS.—After witnessing the exhibition of the Davenport brothers, on Friday night, with every facility to see and detect the means by which their wonderful exploits are performed, we left the Hall as ignorant of the whole affair as we were on entering it; nevertheless, we spent a good part of the day Saturday answering questions on the subject, and giving explanations of that which we were utterly ignorant, just as thousands of teachers and leaders are doing the world over, every day.

As we stated on Saturday morning, the facts as stated by the committee to the audience on Friday night were literally and specifically true. We have heard many attempted solutions of the mysterious presentations, not one of which, we think from what we saw, could possibly be correct. We make no pretension to account for the scenes produced, but of this we are convinced, that there is no *delusion* in the appearances; when a guitar thumps you on the head, or a hand moves over your face, you know it is a reality and not the effect of imagination. The eye may be deceived, as the old saying has it, "seeing is believing, but feeling is the truth."

The performances at Tucker Hall were wonderful and incomprehensible, sometimes almost startling, but what agencies are employed in them is more than we know, and, we believe, more than will be readily found out by any one who may witness them.

COTTON PLOWS.—We have received a communication from Messrs. Dunn & Riggan, of Forestville, with a request to publish, complaining of the action of the committee on plows in making no award on cotton plows, although there was a premium offered on them and several were on exhibition.

We are inclined to think there was some unintentional oversight in this matter which can be set right upon proper inquiry, which we will make as soon as we can, and in the meantime, we withhold the connection, believing that the result will show that its publication is not necessary. We are decidedly of opinion that the cotton plows exhibited by Messrs. Dunn and Riggan, are very superior, and were deserving a premium at the Fair.

We learn from the Wilmington *Star* that the case of John Taylor, recently committed by Parson Sinclair for trial before the Superior Court of Robeson county on the charge of being an accessory to the murder of one Make Sanderson, as we learn from the *Robesonian*, application was made to Judge Russell on Tuesday last, he being at that time holding Court at Rockingham, for a writ of *habeas corpus*, which was granted and the Sheriff of Robeson commanded him to have the body of John Taylor, with the cause of his detention before him on Wednesday at Chambers in Rockingham.

SECOND GROWTH POTATOES.—Last week Mr. Spivey, merchant of this city, showed us an Irish potatoe of the early rose species, grown in his garden since the first week in August, from potatoes left in the ground on digging the first crop. The potatoe was of fine appearance and would weigh, we suppose, ten or twelve ounces.

On Saturday, our young friend, Junius Ferrell, brought us a number of vines with potatoes attached, of various sizes, some of them quite large, of the second growth, taken from the garden of his uncle, R. K. Ferrell, Esq., of this city.

We have heard of others who have had fine sized potatoes of the second growth this season, of the early rose, all of which convinces us that two crops of this potatoe will mature in this climate, in one season, if persons will take the pains to raise them.

An Autumn Suggestion.

Now, as heavy fogs arise and searching winds commence to blow; now, as the human body, exhausted like inanimate nature by the heats of summer, begins to wilt and droop; now, are the inclement winter makes its trying onset; now is the time for a preparatory course of the best acclimating medicine in existence: Hostetter's Stomach Bitters.

Fever and Ague is rampant in all parts of the country. Quinine, the physicians admit, will not quell the phase of the disease which at the present pervades the entire West. It is well that it is so, for the remedy (so-called) is deadlier than the malady. But if quinine is inefficient in intermittent fevers, Hostetter's Bitters is irresistible. It would be safe to make a contract, under heavy penalties, that any given "Fever-and-Ague District" should be exempted from the disorder for any particular time, provided every inhabitant would take the Bitters according to directions, during the term of the contract.—There has never been an instance in which this sterling invigorant and anti-febrile medicine has failed to ward off the complaint when taken daily as a protection against malaria. Hundreds of physicians have abandoned all the officinal specifics and now prescribe this harmless vegetable tonic, and nothing else, as a preventive and cure for all the forms of chills and fever. Vigor is the thing most needful in these cases, as well as in dyspepsia and nervous affections, and Hostetter's Bitters are the safest, surest, and most wholesome strengthening preparation that has ever stiff its yet concocted.

George W. Price, Jr., has been nominated as the Radical candidate for the State Senate, in Galloway's place, from New Hanover and Brunswick. The *Journal* says the Convention was a very tame affair.

S. D. Wallace, Esq., of Wilmington, who some time since announced himself as candidate for the Clerkship of the House of Representatives, desires the Wilmington *Journal* to announce the withdrawal of his name, as he expects to engage in more permanent business.

The Conservatives of Washington county had a grand jubilee meeting at Plymouth, on the 27th ult. Speeches were made by Messrs. James Edwin Moore of Martin, Charles Latham and Maj. L. C. Latham, of Washington, and others. The crowd was large and many of the fair daughters of Eastern Carolina graced the occasion with their presence. The latter part of the day was spent in exercising on the "light fantastic," and everything went "merry as a marriage bell."

Gov. Hoffman leaped from a run-away train to-day and was slightly bruised.

FOREIGN.

LONDON, Nov. 5.—A dispatch has been received by Lord Granville and communicated to the English Cabinet in extenso announcing the ratification of the armistice on Bismarck's terms. It was signed by Bismarck and Houtke on the part of Prussia, and by Trochu and others of the Provisional Government of Paris, on behalf of France. The armistice commenced Nov. 4th and ends Nov. 20th.

The *Times* has a special from Versailles announcing that the conference between Bismarck and Thiers is continued by request of the Government of Tours.

There was much fighting yesterday around the fortifications.

On the question in Paris of sustaining Trochu and the Provisional Government, the vote stood, yeas 441,000, nays, 4,000. Paris is perfectly tranquil.

LONDON, Nov. 5, midnight.—The Germans removed from Chateau Henry are concentrating at Orleans. Skirmishes are frequent in the vicinity of the Loire; the French claim the advantage.

BRUSSELS, Nov. 5.—The Empress has returned to England. She spent only one day at the Emperor.

It is stated here that fresh disturbances have occurred in Paris.

TOURS, Nov. 5.—A decree has been issued, enrolling and mobilizing married men and widowers between the ages of 25 and 40 years. The Government cares for the destitute families and adopts the children of those who may be killed. The organization is entrusted to the Prefects, and must be completed by Nov. 25th. Each Department must furnish so many field batteries as it has a hundred thousand inhabitants.

La Presse says it is agreed that Paris shall receive supplies during the armistice.

Garibaldi is expanding operations.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable
LIFE ASSURANCE SOCIETY
OF THE
UNITED STATES
120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000 000 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6,500,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4,000,000.
6. Such payments are made in cash, and not partly in cancelled notes, as in the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as in the case of all Note Companies.
8. The sum of $1,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start, and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. The risks have become carefully selected and its dealings equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Reduced Payment policies."
17. The amount of new business during the year ending "December, 1, 1869, was $51,021,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division; and not by the crude adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as in the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

10.000 POLICIES,

and nearly doubled its immense Capital of $1,000 000

in about two years, speaks more for its wonderful popularity than any language at my command. The rates being based on the Stock Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is secured from the date of the Policy.

I will be gratified to take applications from my friends and all wanting Policies, and shall want many active and reliable Agents, in the fields assigned me.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. With this Press two men can pack a Bale of Cotton with ease in about minutes weighing from 400 to 500 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

NON-EXPLOSIVE COMBINATION

BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease! No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

Philadelphia, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of Life Insurance Corporations depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, and a certain *legal standard of reserve and accumulation* must be held by the Companies to meet all their liabilities.

Insurers in looking around for Companies in which to insure, should carefully look for this important safeguard. It will be found in the Brooklyn Life.
